This schedule is subject to change

MAIN EVENTS WILL NOT BE POSTED UNTIL ALL LCQ'S ARE COMPLETED. GOOD LUCK RACERS!

By competing in a Supercross Futures event you can qualify for the Supercross Futures AMA National Championship!

The top finishing riders in each class from each event will qualify for the National Championship (refer to section 4.1 in the supplemental rules for qualifying information). A rider may compete in multiple events, however, the first event the rider qualifies in will be the one the rider is advanced from. All riders will advance a position in their class if another rider has already qualified out of that class in a different event. Moto one gate pick at the national championship will be determined by a random draw.

Payback: Open A Class - The Open A Class will pay back 100% of entry fee money for that class.

Road to Supercross through the 250 Futures Class:

Riders that currently hold or have held a Supercross license in the past two competition seasons are not allowed to compete in this class. Points carrying over from 250AX or AX Lites/250A SXA : the higher point accumulation from either class will combine with points accumulated in the 250 Futures class

Obtaining Points: 6 points are required to earn 250SX license (refer to section 4.1 in the supplemental rulebook for the points payout chart)

250 Futures points will be earned in a continuous 24 month period. The top 10 at Supercross Futures National Championship earn their 250SX license.
